BRIEF ABSTRACT OF LETTER.

NOTES AND ORDERS.

N. 1. Extract from the Financial Secretary's note in paragraphs 18 & 19 of the notes in Samy file 142-15:—

"It is very desirable that every man who knows the use of medicines and has to travel on duty should be equipped with a medicine chest. Much good can be

G. R. S. 12]

done that way. I fully agree with the proposal. The Medical and Sanitary Departments are under the same head and there will be no difficulty in coordinating their work in this direction."

Asstd J. S.C
30.10.16

19. "It would be very well if Medical and Sanitary officers travelling on duty with medicine chests were to publish in the widest possible manner their programme and exact route through Sheikdars and Village Officers at least a fortnight before hand so that those requiring their assistance may gather in Cantonment Centres along the route to get the benefit of their advice and medicines. How often it happens that a man may be suffering a few furlongs away from the road in a village or hamlet and a Medical officer with a medicine chest is riding or motoring along the road wholly unaware of the good work he might do but leaves undone for want of information."

I will the Medical Branch kindly take an extract and see if anything

* to supply each of the Distt Sany Officers of Kadur, Shimoga, Chitaldrug & Bijapur Districts with a fully equipped medicine chest.

10) In my experience District Medical and Sanitary Officers do not generally conduct their tours in accordance with a regular prearranged programme. Even if they do, it is not practicable to arrange for the publication of their tour programmes by the Shekdars without prejudice to their other duties. It is open, however, to them to give, whenever they consider necessary, previous intimation of their visits to any village

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 4800-12—Med. 76-16-2, dated 27th January 1917.

With a view to provide increased facilities for medical aid to people in rural parts, Government consider that Medical and Sanitary Officers in districts, travelling on duty with medicine chests, may, with advantage, arrange their tours as far as possible so as to be able to render medical aid, where necessary, to the people of villages along their line of march, previous intimation being given to the patels of such villages, for communication to the people. The Senior Surgeon is requested to issue suitable instructions to the District Medical and the District Sanitary Officers in the matter and take needful action to provide medicine chests to such of them as have not already been furnished with the same.
